Enhance the appeal of your home and entertain in style

Embrace the timeless look and feel of a deck and transform unused backyard space into a functional place for family gatherings. Create an expansive area for entertaining and capture scenic views from your elevated platform.

At Apollo Patios, we understand that every home is unique. That's why we offer the flexibility of a custom design service to ensure you get the perfect deck that matches your lifestyle.

Whether your home is your 'forever home' or you are looking to make your house more attractive to potential buyers, adding a well-designed deck adds more living space, significantly contributing to the value and appeal of your home.

Your Apollo Patios deck will be architecturally designed to complement the style of your home and contours of your property. Our decks are suitable for many applications, and are not limited to just patio or entertaining areas. We can incorporate a deck into a pool area, portico or entranceway or as a free-standing addition.

Our design team will work with you to determine the optimal layout, aspect, build height and materials for your space, taking into consideration all relevant factors such as size, slope, wind direction and airflow.

Whatever your dream, discover how we can help you create your perfect outdoor space that enables you to live your best life.

Each deck is designed, engineered, and built to stand the test of time. For extra peace of mind and to create a reliable and sturdy structure, we select durable materials like steel beams and quality hardwood that reduce the need for maintenance.

Finishes

Our decks include:

- ✓ Steel beams, joists and bearers
- ✓ Aluminium posts OR Kwila (Merbau) hardwood posts
- ✓ Aluminium wood grain steps with galvanised stringers
- ✓ Kwila decking boards with stainless steel screws
- ✓ 140 x 42 top rail balustrading with stainless steel wire

Should you prefer a tiled finish over timber, we can also finish your deck with fibre cement sheeting, ready for you to tile.

Please ask your local Apollo Patios Dealer or Partner about the range of decking products offered as this may differ in your local area.

Our Difference

Outstanding Functionality

Cleverly designed to seamlessly integrate into your home and land contour.

Made in Australia

Steel beams, joists and bearers designed and manufactured in Australia with 28 years experience.

Design Versatility

Available in a range of colours to complement modern and traditional architecture.

Minimal Maintenance

Durable and hardwearing materials, translating to easy cleaning and maintenance.

Protection overhead

Add a patio or pergola (Optional)

Boost the usability and practicality of your deck by pairing it with a patio roof.

Adding a roof protects, not only the timber decking, but more importantly your family and friends while you enjoy being outside.

With protection overhead, the space is usable in all weather, providing shade on the sunny days and a secure place out of rain, wind and rougher weather.

While a patio roof is optional, our decks are compatible with any Apollo Patios roof design and style. Find the perfect roof style to complement your deck today.

*Please note that our range of decks and patios does differ per state and area. Information, imagery and illustrations are indicative and for marketing purposes only. Apollo Home Improvement Aust Pty Ltd ACN 656132428
