A space for the whole family to enjoy

Create precious memories and bring your family and friends together with an outdoor living space that the whole family can relax in and enjoy.

Our experienced team will work with you to create a comfortable and practical outdoor addition that expands your living space, future-proofing the value of your property.

At Apollo, we know that your home and how you use it is unique and that's why we custom design our patios and pergolas to your specific lifestyle and requirements. Our patios and pergolas are fully engineered using high-quality Australian products manufactured in Australia by Apollo.

Your Apollo Patios home addition will be architecturally designed to complement the style of your home. Our unique building system creates a beautiful clean and modern ceiling look, that hides away structural elements such as support struts or beams. If you prefer an open feel our pergolas can seamlessly integrate into your roof.

Select your ideal roof style to modernise or enhance your property.

Choose from:

- ✓ Traditional Gable style
- ✓ Skillion or Flat roof
- ✓ Flyover also known as Build over
- ✓ Open or partially open Pergola
- ✓ Free-standing
- ✓ Combination roof

Roofing Types

We design manufacture and build our products to last and test them rigorously to deliver to the highest standards.

Our roofing is manufactured locally in each region we service, and is delivered directly to your home, ready for installation. Your roofing panels will be cut to the required length for your new home addition, speeding up the installation process and reducing wastage.

Insulated Panel Roofing

Single Skin

Corrugated Profile
min. pitch: 5°

Trimlink Profile
min. pitch: 2°

Outdoor Flat Mk II Profile
min. pitch: 1°

- Superior thermal qualities for added comfort
- Excellent noise absorption
- Fire and cyclone safety certified
- Large spanning capabilities
- Available in two profile styles

- High-quality and cost-effective
- Span of up to 4.7m for a clean aesthetic
- Heat reflective paint
- Easy to clean and maintain
- Thicker than industry standard

Our Difference

Outstanding Functionality

The roof panels join together to form a weather tight and seamless finish.

Made in Australia

Designed and manufactured in Australia with 28 years experience.

Design Versatility

Colours to complement a wide range of modern and traditional designs.

Superior Strength and Span

High tensile steel and unique profile designs allow for one of the largest single skin roof spans available.

Operational Testing

Independently tested and certified for non-cyclonic and cyclonic wind regions.

Non-Combustible

Independently tested and certified as non-combustible, providing a complete solution for Flame Zone (FZ) regions.

Minimal Maintenance

Durable and easy to clean paint finishes, resilient to mould growth, translating to easy maintenance.

15 Year Warranty

As both the manufacturers and installers, you get an easy, streamlined experience and peace of mind.

Accessories

For enhanced privacy and additional protection from the weather, explore our selection of high-quality Patio and Pergola Accessories.

Elevate your outdoor experience and add a personal touch to your perfect space with our selection of louvres, slats, decorative screens, skylights and LED downlights. The choice is yours.

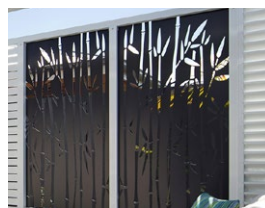

Louvres

Enhance with a modern feel and additional protection from the elements.

Slats

Define your space and shield from passing eyes and weather.

Screening

Customise and add privacy, colour, flair and texture to your outdoors with decorative screens.

Skylights

Elevate your space with natural sunlight, reducing reliance on artificial lighting.

Downlights

Illuminate your favourite space and add extra ambience with integrated LED downlights.
