

# Building a better lifestyle

**Patios // Premium Carports // Decks // Screen & Glass Enclosures  
Caravan & Boat Shelters // Patio Accessories // Aluminium Louvres & Slats**

**QLD • NSW • ACT • VIC • TAS**

When you invest in an Apollo Patios® outdoor home addition you are investing in a better lifestyle while adding value to your greatest asset... your home.

So now there is no need to move, with Apollo Patios® we can change your lifestyle without changing your address.

#### APOLLO PATIOS® DESIGN

*To suit your lifestyle*

Our Professionally trained Consultants will design your outdoor home addition to suit your individual requirements using our comprehensive engineering.

#### APOLLO PATIOS® PLANNING

*We do everything so you don't have to*

Our draftspeople will complete the necessary plans and approval applications and submit to council on your behalf.

#### APOLLO PATIOS® ENGINEERING

*Built to last*

All Apollo Patios® outdoor home additions are engineered to suit the most complex designs from flat roof to gable, build over roof or breezeway patio systems and are built to suit Australian wind conditions from region 'A N1' to severe cyclonic region 'D C4'. See conditions below.

#### APOLLO PATIOS® PRODUCT

*We've got you covered*

All components for your outdoor home addition are designed and engineered to give you an aesthetically superior finish and will be delivered on site in an Apollo Patios® materials kit ready for construction.

#### APOLLO PATIOS® ROOF SHEETING

*No unsightly rafters or battens*

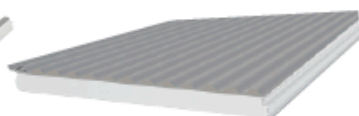

Apollo Patios® offers 3 choices of roof sheeting, the Apollo Unilink 2000® broadspan roof profile and Unilink 2000 Mark II® rollformed roof sheeting. Both forms of roof sheeting are rollformed in our factory from high quality painted steel.

The Unilink 2000 MK II® roof sheeting is thicker than industry standards constructed from G550 Hi Tensile .48 gauge steel and that means roof spans of up to 4.7 metres are possible with no unsightly rafters or battens.

The Apollo Trimlink and Corrugated insulated roof sheeting provides excellent noise absorption and is easy to install. Our comprehensive engineering provides the necessary unsupported spans. With 2 choices of profiles to suit your individual style, our insulated roof offers superior thermal qualities and a smooth ceiling finish in one product.

#### APOLLO PATIOS® PAINT COAT FINISH

*Keeping you cool and carefree*

The Apollo Unilink 2000®, Unilink 2000 Mark II® and the Apollo Trimlink and Corrugated roof sheeting is coated with the exclusive Apollo Durasheen® paint coat finish.

The top side is finished with a 55% gloss coating to reflect the solar rays and provide superior light reflection while minimising heat transfer and the underside has an 80% high gloss finish that reflects more light into your home.

The Apollo Durasheen® paint coat finish on the underside is also resilient to mould growth and that means easy maintenance for you.

#### APOLLO PATIOS® WARRANTY

*Your peace of mind*

The Apollo Durasheen® paint coat finish comes with a 15 year manufacturers backed warranty ensuring your Apollo Patios® outdoor home addition will stand the test of time.

All Apollo Patios® outdoor home additions are also covered by a 6 year 6 month structural warranty.

#### APOLLO PATIOS® FINANCE†

*Build a better lifestyle sooner*

Why wait? Apollo Patios® has easy finance options available that can help you get your outdoor home addition sooner. In most instances the approval process is very fast so there are no lengthy delays.

Talk to your design consultant about a plan that will best suit your individual requirements.

#### APOLLO PATIOS® COLOUR RANGE\*\*

*Adding colours to suit your home*

Apollo Patios® has a range of colours that will fit perfectly with your homes existing colour scheme. All colours in the Apollo Patios® range have also been specifically chosen to suit the climate we live in.
